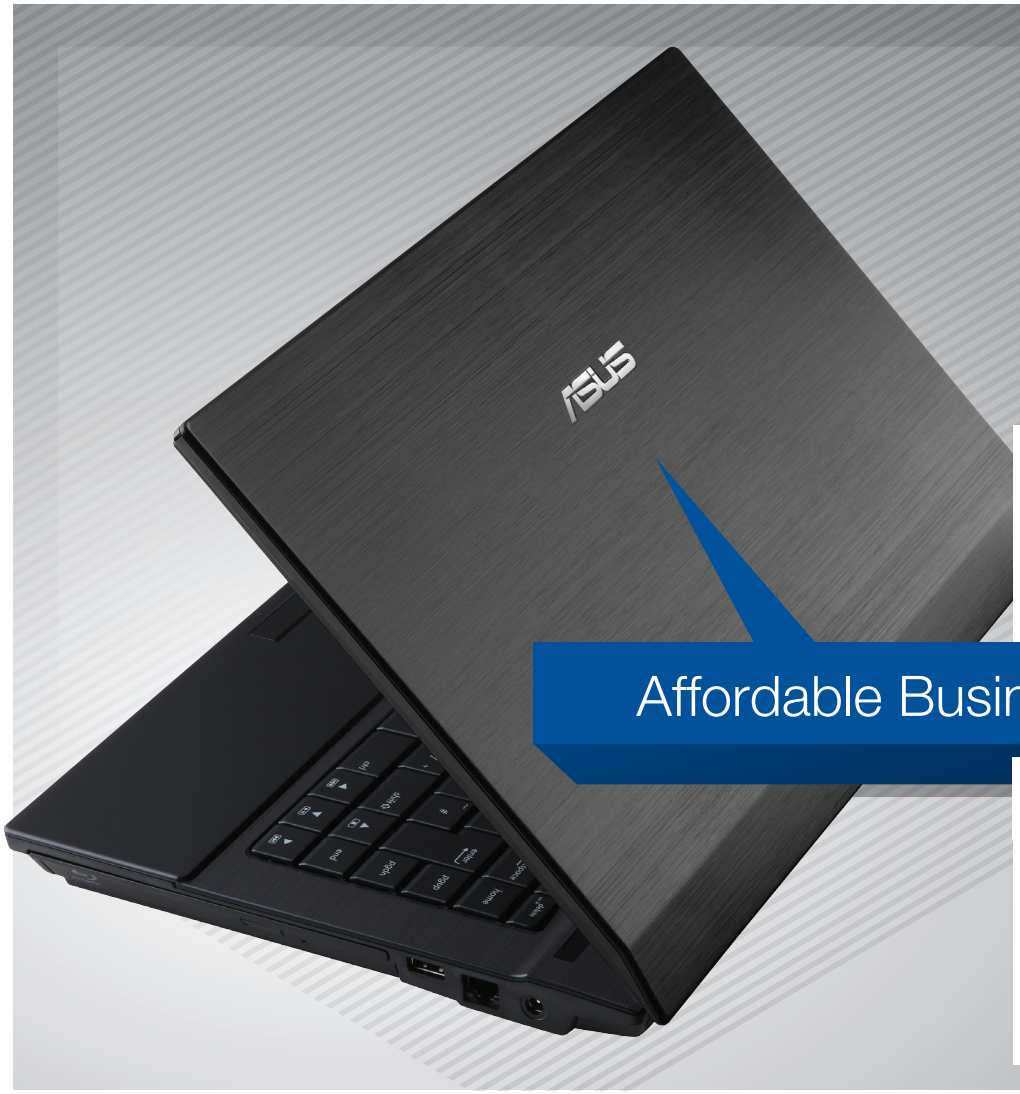
Inspiring Innovation • Persistent Perfection

P42F-XD1B Notebook



▶ 14” BUDGET-FRIENDLY BUSINESS NOTEBOOK

Budget conscious users need not settle for less with the ASUS P series notebook. Subjected to stringent quality tests and featuring a built-in anti-shock hard drive, the notebook stands up to the stresses of frequent travel. Business users can work with ease with features such as Palm-proof technology, an intuitive BIOS user interface, Intel® Anti-Theft Technology and Computrace® (subscription required).

Affordable Business Mobility

P42F-XD1B Notebook

P/N: P42F-XD1B, 14”, Intel® Core™ i3-370M processor, Intel GMA HD, 4GB DDR3, 320GB 5400RPM, 802.11b/g/n, Bluetooth v2.1, 6 cell battery (4400 mAh, 47 W/h), up to 4 hours battery life,* Windows® 7 Professional (64 bit) + XP Pro Driver CD, 1YR global warranty – 1 YR Accidental Damage Warranty

ASUS ShockShield uses anti-shock cushions to protect the hard drive from getting damaged during transport, ensuring data stays safe and secure.

Intel® Anti-Theft Technology disables access to the operating system in the event of theft, while with the help of local law enforcement agencies, Computrace® LoJack® for Laptops helps locate and recover stolen notebooks (subscription required).

Palm-proof technology intelligently distinguishes between palm and finger contact surfaces to prevent accidental cursor movements and improve typing accuracy.

With Presentation Mode, users can easily switch wallpapers, mute settings, output modes, hide desktop icons, and disable screensavers by pressing FN+1, optimizing the screen mode for presentations.

The notebook features a simplified BIOS interface controlled by mouse or keyboard so users can easily configure hardware, enable or disable system components as well as set password restrictions.

Power4Gear manages power allocation and usage according to the current task at hand, and is designed with a self-adjusting fan for a quieter computing experience.
